

I. Badminton Sectional Complex Seeding Preliminary Worksheet for Coaches

Coaches, do your Homework during the season. Come prepared to the meeting with some idea of the seeds. Most coaches know the top 4 and bottom 4. The middle seeds are the most flexible. You will most likely change seeds at the meeting as coaches' talk but it is easier to adjust them from the worksheet. Once those groups of 4 are established, you will rank them within their group to determine the final seeds. This process protects schools from out of range seeds.

Step One

Coaches will vote on which schools should be in each group of 4. Here there were 6 schools who wanted to be considered a top 4 team. The schools that were not voted as one of the top 4 will be dropped to the next seed. All coaches will vote in each category for the teams up for consideration although coaches will not vote for themselves.

Step Two

New life vote: Every coach must seed all teams in each group. If a school is in group 1, the school can receive no lower than a 4 seed and no higher than a 1 seed. Again, coaches *will NOT vote for themselves*. *Once the manager totals the seeds, the schools are assigned to a sectional based on the Terms and Conditions. Additionally a host school will be assigned for the sectional competition.*
