Thank you for your interest in broadcasting an upcoming IHSA State Series event via television or a video internet webcast.

Please complete the Broadcast Information box to the right and then proceed to fill out either the TV Broadcast application on the left side of this form or the Internet Broadcast application on the right side of this form, as well as the Payment Information.

Please note this is only an application and that the IHSA has existing broadcasting partners who may already have the rights to or a first right to refusal for the contests you are looking to broadcast.

In addition, the school/host venue may not be able to facilitate your broadcast even if it receives IHSA approval. The IHSA and host Athletic Director/tournament manager will work together to quickly inform you of your application's status.
