Welcome to the 26th Annual IHSA Officials Conference. We are thankful for your attendance and dedication to serving as a licensed sports official.

We appreciate your attendance and your commitment to improving and advancing as an official. If this is your first time attending, take advantage of the opportunities available to you to network with officials in your sport in and out of your geographic area. While there are professional development opportunities available to you through the great clinicians on site, the networking opportunities will help you grow in the officiating avocation. If you are a returning conference attendee, we welcome you back and value your commitment to growing in officiating and supporting our inexperienced officials. As always, we encourage you to share your thoughts and ideas for improving the conference with the IHSA staff and the Conference Committee members in attendance this weekend.

This year's theme for the conference places a focus on Renew, Review, and Revive! No matter your sport or the number of sports you officiate, the value in annually completing these three steps will enhance your experience as an official and elongate your career in officiating. It's important for you to be prepared and rejuvenated for a new season.

Lastly, please don't underestimate the important role you play in the IHSA. Your dedication, your loyalty, your integrity, and your expertise help the Association accomplish its mission. By working together, we help young people learn important lessons about life. And, even more importantly, we help young people become better citizens of this great country. On behalf of our 800+ member schools and the nearly 500,000 young people who participate in interscholastic programs in Illinois - THANK YOU!!

IHSA Executive Director  
Craig Anderson

## CONGRATULATIONS!

To be considered for this honor, an official must first be nominated by an Officials Association recognized by the IHSA or by an IHSA administrator. IHSA staff members then vote on the winners based on factors such as character, skill as an official, and levels worked in the IHSA State Series.

"Participation in high school sports provides countless benefits, however, those opportunities would not exist without the hard-working men and women who choose the officiating avocation," said IHSA Executive Director Craig Anderson. "It is an honor to be able to celebrate these 22 outstanding individuals who are so respected among their officiating peers, while also recognizing that IHSA sports continue due to the collaborative efforts of every IHSA official. We thank them all."
